

Does Backache Worry You?

Some Manning People Have Learned How To Get Relief.

How many people suffer from an aching back? How do you know the cause? If it hurts to stoop or lift—If you suffer sudden, darting pains—If you are weak, lame and tired, Suspect your kidneys.

Watch for nature's signal. The first sign may be headache or dizziness.

Steady, painful, or too frequent urination. Nervousness or a constant, dead-tired feeling.

Avert the serious kidney disease. Treat the weakened kidneys with Doan's Kidney Pills.

A remedy especially for sick kidneys. Endorsed in Manning by your friends and neighbors.

Mrs. E. P. Jenkinson, Church St., Manning, says: "I suffered from pains in my back and joints. I used Doan's Kidney Pills as directed and they helped me wonderfully, correcting the action of my kidneys and relieving the misery in my back." (Statement given on January 30th, 1911.)

USES DOAN'S OCCASIONALLY. Over three years later, Mrs. Jenkinson said: "I use Doan's Kidney Pills occasionally when my kidneys trouble me and they never fail to give me relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jenkinson has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Need for Electric Rickshaws. According to advices from India, there is no reason why small electric vehicles should not replace the rickshaw in hill stations, where these are now in general use. The overall dimensions of the vehicle need not be over eleven feet by five feet.—Popular Science Monthly.

A Doctors Remedy For Coughs. As a cure for coughs and colds Dr. Bell's Pine-Tar-Honey combines these remedies in just the right proportion to do the most good for summer coughs or colds. A trial will prove the value of this splendid cough medicine. Dr. Bell's Pine-Tar-Honey soothes the irritation, stops your cough, kills the cold germs and does you a world of good. A 25c bottle will more than convince you—it will stop your cough. At drug-gists.—Adv.

Duke William's Favorite Town. William the Conqueror's favorite town was Caen (in Normandy), where he and his duchess, Matilda, who defied the canon law by marrying within the forbidden degrees of consanguinity, did royal penance by building two great abbeys, whose churches of St. Etienne (St. Stephen) and La Trinite contribute so greatly to Caen's beauty today. William's church of St. Etienne, stark and bold and lofty, most wonderfully represents his indomitable spirit and ideas. The smaller, richer and more delicate Trinite is no less characteristically feminine a monument to Duchess Matilda. Another memorial, an insignificant single stone in a pretty, forgotten, flower-starred byway of the old Protestant cemetery, marks the spot where Beau Brummel, the man who for all time made "exquisite propriety" in dress the standard, lies in oblivion beneath the waving grasses of this Norman hillside.—Arthur Stanley Riggs, in the National Geographic Magazine.

Care For Cholera Morbus. "When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.—Adv.

Concrete. Concrete is made of a mixture of pebbles, stones and sand or other suitable material, to which is mixed a small proportion of lime or cement. Owing to the gradual setting and hardening of this lime or cement, the mass changes from a semifluid to a hard, compact substance, as hard as, or harder than the best building stone produced by nature.

Just The Thing For Diarrhoea. "About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.—Adv.

Citizen's Duty. Kant's categorical imperative may be expanded into these homely terms of duty: No one may do that which, if done by all, would destroy society. In other words, the individual must see that when the gaining of his own poor little happiness involves an injury to a great human ideal it is better to cut the happiness off and cast it from him than to do his part to bring the body politic to hell fire.

The Strong Withstand the Heat of Summer Better Than the Weak. Old people who are feeble, and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking regularly Grove's Tasteless Chill Tonic. It purifies and enriches the blood and builds up the whole system. 50c.

From Weak and Lame To Well and Strong. Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Brivens.

"Last year, I got almost down with my back," writes Mrs. J. C. Straynes of Gainesville, Ga. No. 3. "I suffered from inflammation of the bladder and when I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them awhile the stinging sensation disappeared. I am now stronger in my back than I was for several years, and since getting well, I've stayed well and had no return of the trouble."

Start in now to use Foley Kidney Pills. You will feel an improvement from the very first dose, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and joints, limber up stiff joints and aching muscles. They put the kidneys and bladder in sound, healthy condition, try them.

Albumen by New Method. German Scientists, It is Claimed, Have Discovered Process That Means Much to Future of Humanity.

German scientists have discovered a new method of producing albumen which is likely to have far-reaching results. Its immediate effect in Germany is to increase the consumption of sugar and to make it still more valuable. The story of the discovery is told in the Koelnische Zeitung of Cologne, which says:

"As is known, there are plenty of carbohydrates at hand in Germany, derived from potatoes, sugar and food beets. So far, however, foodstuffs rich in albumen, such as barley, we have had to import. Now the institute for Fermentation-Industrie, at Berlin, has succeeded in inventing a process by which feeding-yeast, with more than 50 per cent albumen, is produced from sulphate of ammonia and sugar."

"The new process is very simple and existing yeast factories can start immediately the manufacture of the new article without changing their installation."

"By the new process 100 pounds of sugar and 52 pounds of sulphate of ammonia yield 270 pounds of dry feeding-yeast, containing 50 per cent albumen. Being in the position to produce ammonia from the nitrogen of the air, we may say in the future albumen will be made artificially from the air."

Germany imports annually about 6,000,000 tons of feeding stuffs, principally barley for cattle. This amount of provender contains about 10 per cent, or 600,000 tons, of albumen. Accordingly, concludes the Scientific American, it would require about 440,000 tons of sugar to replace by the new process the forage which cannot be imported at present.

MAN IN THE STARCHED BOSOM. Writer Cleverly Points Out How Appearances May Be, as They Usually Are, Deceptive.

By a "man" one probably means a fallible mortal, a bluffer, a hypocrite, an insecure and inexperienced adventurer, a child born naked into the world every morning of his life. Reunited to one's institution, one's infallibility speedily returns, and it is convenient to have it. But it does disguise the limitations that a person knows within himself. At the beginning of a man's life, before he is taken up into an institution, he is aware of all this. But after he dons a uniform of authority the luxury of candor is denied. Conformity is perhaps needed for a smoothly-running world, and by striving to articulate the machinery an approximation to candor may be made. It may even be better to have the machinery in the end, better for truth, than to allow the impulsive will its way. But there are times when one would like everyone, especially the young, to know the immense deceptions of the whole elaborate contrivance. Under the starched bosom of the world there is a heart very different, from the heart that the bosom advertises. We know it, but the man who speaks it is a traitor to the principles of starch.—Exchange.

Your Bowels Should Move Once a Day. A free easy movement of the bowels every day is a sign of good health. Dr. King's New Life Pills will give you a gentle laxative effect without griping and free your system of blood poisons, purify your blood, overcome constipation and have an excellent tonic effect on the entire system. Make you feel like living. Only 25c at druggists.—Adv.

Economy in Gas. When I have a couple of hours' ironing to do, or I have meat or vegetables to cook which require two or more hours' time, I put a teakettle of water on the unlighted burner next to the one I am using, so that when my ironing or cooking is done I have a teakettle of almost boiling water without burning any gas for that purpose.—Exchange.

Will Sloan's Liniment Relieve Pain? Try it and see—one application will prove more than a dozen of claims. James S. Ferguson, Phila., Pa., writes "I have had wonderful relief since I used Sloan's Liniment on my knees. To think after all these years of pain one application gave me relief. Many thanks for what your remedy has done for me." Don't keep on suffering, apply Sloan's Liniment where your pain is and notice how quick you get relief. Penetrates without rubbing. Buy it at any Drug Store. 25c.—Adv.

Adapted for the Water. All fishes have air bladders in their bodies, which enable them to rise and fall in the water at will. Near the bottom the weight of the water compresses these bladders and as a consequence the body of the fish shrinks until its bulk is of equal weight with the water it displaces.
